

Index of Authors

A

- Aase, J.M.
Clinical recognition of FAS: Difficulties of detection and diagnosis
Number 1, Pages 5–9
- Adger, H., Jr.
Specialist's perspective: The pediatrician
Number 2, Pages 121–126
- Aitken, S.S.
Knowledge of FAS and the risks of heavy drinking during pregnancy, 1985 and 1990
Number 1, Pages 86–92
- Anton, R.F.
Medications for treating alcoholism
Number 4, Pages 265–271

B

- Barry, K.L.
Specialist's perspective: The family physician
Number 2, Pages 105–109
- Becker, H.C.
Animal research: Charting the course for FAS
Number 1, Pages 10–16
- Beckman, L.J.
Treatment needs of women with alcohol problems
Number 3, Pages 206–211
- Beresford, T.
Liver transplantation and alcoholism rehabilitation
Number 4, Pages 310–312
- Bertolucci, D.
Prevalence of screening for alcohol use by physicians during routine physical examinations
Number 2, Pages 162–168
- Bloss, G.
The economic cost of FAS
Number 1, Pages 53–54
- Bradley, K.A.
The primary care practitioner's role in the prevention and management of alcohol problems
Number 2, Pages 97–104
- Buchsbaum, D.
Effectiveness of treatment in general medicine patients with drinking problems
Number 2, Pages 140–145
- Bukstein, O.G.
Treatment of adolescent alcohol abuse and dependence
Number 4, Pages 296–301
- Burgess, D.M.
Helping prepare children with FAS or FAE for school and beyond
Number 1, Page 73

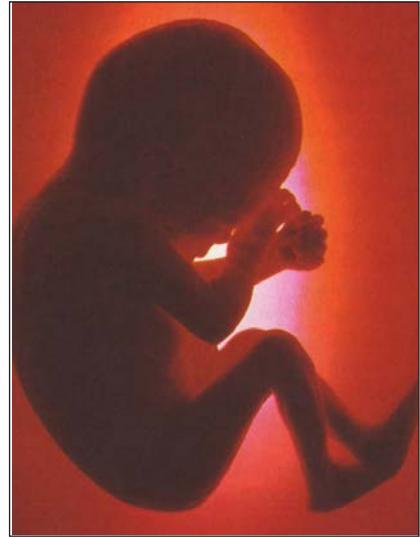

C

- Caetano, R.
Drinking and alcohol-related problems among minority women
Number 3, Pages 233–241

- Campbell, K.E.
Knowledge of FAS and the risks of heavy drinking during pregnancy, 1985 and 1990
Number 1, Pages 86–92
- Chou, P.
Prevalence of DSM-IV alcohol abuse and dependence: United States, 1992
Number 3, Pages 243–248
- Cicero, T.J.
Effects of paternal exposure to alcohol on offspring development
Number 1, Pages 37–41
- Clay, K.L.
Naltrexone and the treatment of alcohol dependence
Number 4, Pages 272–278
- Coles, C.
Critical periods for prenatal alcohol exposure: Evidence from animal and human studies
Number 1, Pages 22–29
- Cone, H.
Screening patients for alcohol problems in primary health care settings
Number 2, Pages 136–139
- Connors, H.
The role of nurses in primary care: Managing alcohol-abusing patients
Number 2, Pages 158–161
- Cordero, J.F.
Tracking the prevalence of FAS
Number 1, Pages 82–85

D

- Davis, M.
Tracking the prevalence of FAS
Number 1, Pages 82–85
- Dawson, D.A.
Prevalence of DSM-IV alcohol abuse and dependence: United States, 1992
Number 3, Pages 243–248
- Day, N.L.
Comparative teratogenicity of alcohol and other drugs
Number 1, Pages 42–48
- Deal, S.R.
Are women more susceptible than men to alcohol-induced cirrhosis?
Number 3, Pages 189–191
- Deitz, D.
Prevalence of screening for alcohol use by physicians during routine physical examinations
Number 2, Pages 162–168
- Dubé, C.E.
Medical education in alcohol and other drugs: Curriculum development for primary care
Number 2, Pages 146–153
- Dufour, M.C.
Knowledge of FAS and the risks of heavy drinking during pregnancy, 1985 and 1990
Number 1, Pages 86–92
Prevalence of DSM-IV alcohol abuse and dependence: United States, 1992
Number 3, Pages 243–248
Prevalence of screening for alcohol use by physicians during routine physical examinations
Number 2, Pages 162–168

Alcohol-Related Birth Defects

F

- Fleming, M.F.
Specialist's perspective: The family physician
Number 2, Pages 105–109
- Floyd, R.L.
Tracking the prevalence of FAS
Number 1, Pages 82–85
- Furst, J.
Alcoholism treatment in the United States
Number 4, Pages 253–260

G

- Gavaler, J.S.
Alcohol, hormones, and health in postmenopausal women
Number 3, Pages 185–188
Are women more susceptible than men to alcohol-induced cirrhosis?
Number 3, Pages 189–191
- Gomberg, E.S. Lisansky
Risk factors for drinking over a woman's life span
Number 3, Pages 220–227
- Grant, B.F.
Prevalence of DSM-IV alcohol abuse and dependence: United States, 1992
Number 3, Pages 243–248

H

- Handley, S.M.
The role of nurses in primary care: Managing alcohol-abusing patients
Number 2, Pages 158–161
- Hankin, J.R.
FAS prevention strategies: Passive and active measures
Number 1, Pages 62–66

- Harford, T.C.
Prevalence of DSM-IV alcohol abuse and dependence: United States, 1992
Number 3, Pages 243–248
- Hiller-Sturmhöfel, S.
Alcoholics Anonymous: Who benefits?
Number 4, Pages 308–310
How women drink: Epidemiology of women's drinking and problem drinking
Number 3, Pages 173–181
Specialist's perspective: The obstetrician/gynecologist
Number 2, Pages 117–120
- Hughes, T.L.
Research on lesbians and alcohol: Gaps and implications
Number 3, Pages 202–205
- Hymbaugh, K.
Tracking the prevalence of FAS
Number 1, Pages 82–85

J

- Jacobson, J.L.
Prenatal alcohol exposure and neurobehavioral development: Where is the threshold?
Number 1, Pages 30–36
- Jacobson, S.W.
Prenatal alcohol exposure and neurobehavioral development: Where is the threshold?
Number 1, Pages 30–36
- Jernigan, T.L.
MRI and prenatal alcohol exposure: Images provide insight into FAS
Number 1, Pages 49–52

K

- Kadden, R.M.
Cognitive-behavioral approaches to alcoholism treatment
Number 4, Pages 279–286

L

- Lewis, D.C.
Medical education in alcohol and other drugs: Curriculum development for primary care
Number 2, Pages 146–153
- Lex, B.W.
Alcohol and other drug abuse among women
Number 3, Pages 212–219

M

- Martin, M.L.
Tracking the prevalence of FAS
Number 1, Pages 82–85

The Primary Care Setting: Recognition and Care of Patients With Alcohol Problems

- Mattson, M.E.
Patient-treatment matching: Rationale and results
Number 4, Pages 287–295
- Mattson, S.N.
MRI and prenatal alcohol exposure: Images provide insight into FAS
Number 1, Pages 49–52
- McCaul, M.E.
Alcoholism treatment in the United States
Number 4, Pages 253–260
- Michaelis, E.K.
Cellular and molecular bases of alcohol's teratogenic effects
Number 1, Pages 17–21
- Michaelis, M.L.
Cellular and molecular bases of alcohol's teratogenic effects
Number 1, Pages 17–21
- Miller, N.S.
Psychiatric comorbidity: Occurrence and treatment
Number 4, Pages 261–264
- Morse, B.A.
Intervention and the child with FAS
Number 1, Pages 67–72

N

- Naegle, M.A.
The need for alcohol abuse-related education in nursing curricula
Number 2, Pages 154–157
- Nilssen, O.
Screening patients for alcohol problems in primary health care settings
Number 2, Pages 136–139
- Nixon, S.J.
Cognitive deficits in alcoholic women
Number 3, Pages 228–232
- Norris, J.
Alcohol and female sexuality: A look at expectancies and risks
Number 3, Pages 197–201

O

- O'Connor, P.G.
Specialist's perspective: The general internist
Number 2, Pages 110–116

P

- Pickens, R.W.
Genetic aspects of alcohol use and alcoholism in women
Number 3, Pages 192–196
- Pickering, R.
Prevalence of DSM-IV alcohol abuse and dependence: United States, 1992
Number 3, Pages 243–248

R

- Randall, C.L.
Animal research: Charting the course for FAS
Number 1, Pages 10–16
- Reichman, M.E.
Alcohol and breast cancer
Number 3, Pages 182–184
- Richardson, G.A.
Comparative teratogenicity of alcohol and other drugs
Number 1, Pages 42–48
- Riley, E.P.
MRI and prenatal alcohol exposure: Images provide insight into FAS
Number 1, Pages 49–52
- Rohde, F.
Prevalence of screening for alcohol use by physicians during routine physical examinations
Number 2, Pages 162–168
- Russell, M.
New assessment tools for risk drinking during pregnancy: T-ACE, TWEAK, and others
Number 1, Pages 55–61

S

- Salaspuro, M.
Biological state markers of alcohol abuse
Number 2, Pages 131–135
- Salo, A.L.
Animal research: Charting the course for FAS
Number 1, Pages 10–16
- Saulnier, J.L.
Animal research: Charting the course for FAS
Number 1, Pages 10–16
- Soderstrom, C.A.
Detecting alcohol-related problems in trauma center patients
Number 2, Pages 127–130
- Streissguth, A.P.
A long-term perspective of FAS
Number 1, Pages 74–81

- Sullivan, E.J.
The role of nurses in primary care: Managing alcohol-abusing patients
Number 2, Pages 158–161
- Svikis, D.S.
Genetic aspects of alcohol use and alcoholism in women
Number 3, Pages 192–196

T

- Thorp, J.M., Jr.
Specialist's perspective: The obstetrician/gynecologist
Number 2, Pages 117–120
- Tivis, L.J.
Alcohol, hormones, and health in postmenopausal women
Number 3, Pages 185–188
- Tonigan, J.S.
Alcoholics Anonymous: Who benefits?
Number 4, Pages 308–310

V

- Velez, M.L.
Genetic aspects of alcohol use and alcoholism in women
Number 3, Pages 192–196
- Volpicelli, J.R.
Naltrexone and the treatment of alcohol dependence
Number 4, Pages 272–278
- Volpicelli, L.A.
Naltrexone and the treatment of alcohol dependence
Number 4, Pages 272–278

W

- Watson, N.T.
Naltrexone and the treatment of alcohol dependence
Number 4, Pages 272–278
- Weathersby, R.T.
Animal research: Charting the course for FAS
Number 1, Pages 10–16
- Weiner, L.
Intervention and the child with FAS
Number 1, Pages 67–72
- Wells-Parker, E.
Mandated treatment: Lessons from research with drinking and driving offenders
Number 4, Pages 302–306
- Werner, M.J.
Specialist's perspective: The pediatrician
Number 2, Pages 121–126
- Williams, G.D.
Knowledge of FAS and the risks of heavy drinking during pregnancy, 1985 and 1990
Number 1, Pages 86–92
- Wilsnack, R.W.
How women drink: Epidemiology of women's drinking and problem drinking
Number 3, Pages 173–181

- Wilsnack, S.C.
How women drink: Epidemiology of women's drinking and problem drinking
Number 3, Pages 173–181
- Research on lesbians and alcohol: Gaps and implications
Number 3, Pages 202–205
