Number 4, Pages 284–291
A Medical Education Model for the Prevention and Treatment of Alcohol Use Disorders

- For teaching general medical students and residents in the primary care specialties
- Provides 1-hour modules that can be presented independently or in clusters
- Includes modules on topics such as doctor-patient communication skills, screening and assessment, brief intervention, pharmacotherapy, and management of pain and anxiety in addicted patients
- Comes complete with more than 200 slides on computer disk

Developed by Michael Fleming, M D, M P H, of the University of Wisconsin School of Medicine, and Margaret Murray, M S W, of the National Institute on Alcohol Abuse and Alcoholism.

Copies are $100, including shipping. To order, send payment (check, money order, MasterCard, or Visa) to NIAAA Publications Distribution Center, P.O. Box 10686, Rockville, MD 20849–0686, or visit the NIAAA Web site (www.niaaa.nih.gov).
